FROM: **Catherine Cuomo-Cecere, Director**
Department of Health & Human Services

SUBLECT: **Nursing Services Contract - 7Rdn**

DATE: **August 31, 2004**

This is in response to the City Clerk's letter regarding the Department of Health and Human Services' request for a resolution (7R-dn) authorizing the City Purchasing Agent to enter into a contract with multiple vendors to provide nursing services for the Department's various clinics and programs. Specifically, he asked that the Department provide projected dollar amounts for each of the individual vendors of the multi-contract listed on the agenda.

Please be informed that the Department does not intend to set an amount for individual vendors as it would hamper the Department's ability to utilize a specific vendor to provide required services. It has been the Department's experience that one vendor cannot always provide the number of Registered Nurses (RNs) or Licensed Practical Nurses (LPNs) the clinics and programs require to function properly. Additionally, the Department has had to pay the rate for an RN when an LPN, at a lower rate, could have been utilized in instances when the singular vender could not provide an LPN. The multiple-vendor contract would afford the Department the ability to obtain different contractual rates for both the RNs and LPNs and also broaden the pool from which each type of nurse could be obtained.

The Department, as it has done in the past, will monitor usage of the contract among the three suggested vendors to ensure proper use and compliance.

Please do not hesitate to call my office if you have additional questions or require more information.

Department of Health and Human Services
